

# HOME LEARNING

## Week 6 - Monday 6th July - Friday 10th July 2020

Here is our 'Week 6 Nursery Home Learning Resource' with suggested activities to support a progression in your child's learning throughout the second half of the summer term.

Please feel free to adjust activities to fit your child's individual interests and continue to carry out other home learning activities as they arise in daily life and play. We will enjoy seeing how you are getting on, so please keep sharing your learning via Tapestry or email.

|                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                        |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>Go for a walk and collect things to create a prop for some role play. It could be some fairy wings or a crown.</p>  | <p>Pretend to be a weather presenter and tell the daily weather forecast to your family. You could even create your own symbols to help you.</p>                                                                            | <p>Practise counting - count forwards and backwards to and from 20. You could jump or clap as you say each number.</p> <p>1 2 3<br/>4 5 6<br/>7 8 9</p>                                                                                                                                                                                |
| <p>Go on an 'a' hunt around your home, garden or local area with an adult. How many things can you find that start with an 'a' sound?</p> <p>Aa</p>                                                     | <p>Practise writing your name.</p>                                                                                                                                                                                         | <p>Bake some buns with an adult. Can you weigh the ingredients out? Can you mix the mixture and spoon it into the bun cases? How will you decorate the buns?</p>                                                                                   |
| <p>Complete the a workbook (see resources).<br/>An adult can help you to do the writing.</p>                         | <p>Play the 'Which one doesn't belong?' game (see resources for pictures and instructions).<br/><i>Find odd one out</i></p>                                                                                               | <p>Follow the link to play a shape sorting game. Can you name all of the shapes? Can you draw your own shapes?<br/><a href="https://www.topmarks.co.uk/early-years/shape-monsters">https://www.topmarks.co.uk/early-years/shape-monsters</a></p>  |
| <p>See how many different number rhymes you know by enjoying singing them together.<br/>For example 1, 2, 3, 4, 5 Once I caught a fish alive.</p> <p>1 2 3<br/>4 5 6<br/>7 8 9</p>                      | <p>Make a string telephone and see if you can talk to each other through it and hear each other (see resources).<br/>Can you explore using different sized cups and different lengths of string to see what happens?</p>  | <p>Pick your favourite story and create wooden spoon characters for each character in the story to help to retell together.</p>                                                                                                                   |
