

A Postcard from the Peach

Imagine that you are riding ontop of the peach with James and his friends.

Write a postcard home or to your friend about your experiences.

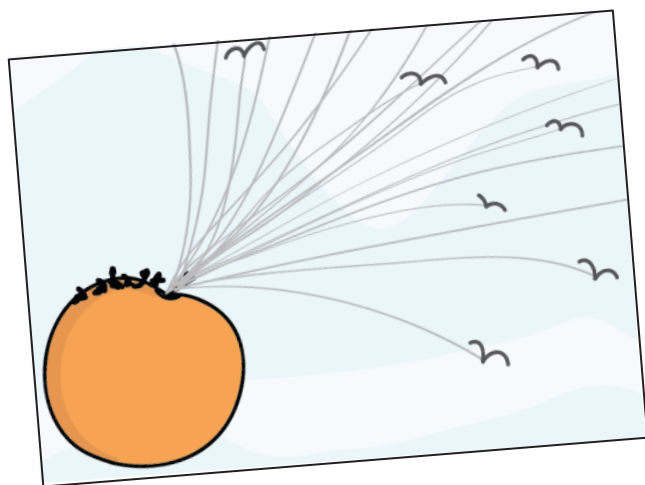

You could write about:

- How you felt when you met James and his friends.
- What you have seen on your travels.
- Who your favourite creature is and why.

My home address or my friend's address.

Remember to use your senses and lots of exciting vocabulary to make your postcard interesting.

When you have finished writing your postcard, finish it off by drawing a scene on the other side.

You could draw a scene from your favourite part of the story, something that has happened on your adventure or your final destination.
